\* There are two schools of thought as to the date of the exodus.  
• This chart, based on the early date theory, has the year of the exodus somewhere in the mid-1440s B.C. during the time of the 18th Egyptian dynasty with Amenhotep II as pharaoh.  
• The late date theory has the year of the exodus somewhere around 1270–1260 B.C. during the time of the 19th Egyptian dynasty with Rameses II as pharaoh.

\*\* Not clear from scripture where Israelites were camped on Iyar 22nd. Num 33:12-14 says they also camped at Dophkah and Alush after leaving Wilderness of Sin before arriving at Rephidim.
